

Frequently Asked Questions

Do I qualify to participate in the Rental Property Program?

All individuals who own rental properties in the Sherburne Electric service territory are eligible to participate in the program.

How do I participate in the Program?

Participating is easy. All you need to do is submit this rebate form and a copy of the purchase receipt.

How will I receive the rebate?

Rebates will be sent out in the form of a check. Make sure you communicate your mailing address and not the physical address of the rental unit!!

Is there a limit on how much I can claim on rebates?

Yes, the limit is \$500 per rental unit, and \$3000 per landlord per year.

What is not included in the rebates?

The cost of installation.

Are there programmable thermostats for baseboard heaters?

Yes. There are programmables that are wall mounted and there are now programmables that replace the dial-type units right on the heater. Those old dial type are terrible to set, do a poor job of temperature control and end up wasting energy! Your tenants will be more comfortable, spend less on heat with programmable thermostats!!

There is a payback for energy efficient rental properties!!!!

Conditions of Offer

The Village of Sherburne is not liable for and does not guarantee the performance of any product, the actions of any contractor who installs a product or energy savings associated with products. The customer is responsible for payment of all taxes associated with this program. The Village of Sherburne reserves the right to terminate or modify this program at anytime.
